

The Night-Treka living area is complete with a bench seat which converts into two sleeping bunks, wardrobe, stainless-steel sink with gas hob and a water carrier, along with a fold down table to eat meals at.

The woodfree structure and light weight composite panels for lighter weight, 7ft 9inch headroom with fully enclosed travel and low wide ramp, makes this the number one choice for the discerning owner.

A tack locker is fitted with two saddle and two bridle racks.

Available in a 2,500kg and 3,000kg gross weight chassis upgrade.

- Built in UK in ISO9001 Factory
- Aerodynamic fibreglass mould
- Four fully broken wheels
- Light and spacious interior
- Grooms Door
